

Software Assurance

SwA Working Groups

November 28-December 2, 2011

MITRE, 7525 Colshire Drive, McLean, VA 22102

SwA Forum

March 26-30, 2012

MITRE, 7525 Colshire Drive, McLean, VA 22102

The Software Assurance Forum and Working Groups provide venues for public-private interaction and collaboration on enhancing software security. Co-sponsored by organizations in DHS, the Department of Defense (DoD), and the National Institute for Standards and Technology (NIST), they focus on software security-related advances in practices, products, and standards for software development, acquisition, supply chain management, education and training, tools, and measurement in order to reduce risk.

These are **free events** that are **open to the public**, but registration is required. Please call 301-596-6031 or pre-register at softwareassurance@asballiance.com, sending your first and last name, phone number, organization, and country of citizenship.

Attendance at the SwA Forums and Working Groups may qualify for continuing professional education credits from the International Information Systems Security Certification Consortium, Inc., (ISC)², and the Information Systems Audit and Control Association (ISACA).

You can also find more information about our sponsors, activities and products by checking the following online resources:
